(f) - (g) RESERVED

(h) *Certification Regarding Responsibility Matters (Executive Order 12689)*. (Applies only if the contract value is expected to exceed the simplified acquisition threshold.) The offeror certifies, to the best of its knowledge and belief, that the offeror and/or any of its principals--

(1) ☐ Are, ☐ are not presently debarred, suspended, proposed for debarment, or declared ineligible for the award of contracts by any Federal agency;

(2) ☐ Have, ☐ have not, within a three-year period preceding this offer, been convicted of or had a civil judgment rendered against them for: commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a Federal, state or local government contract or subcontract; violation of Federal or state antitrust statutes relating to the submission of offers; or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, tax evasion, violating Federal criminal tax laws, or receiving stolen property; and

(3) ☐ Are, ☐ are not presently indicted for, or otherwise criminally or civilly charged by a Government entity with, commission of any of these offenses enumerated in paragraph (h)(2) of this clause; and

(4) ☐ Have, ☐ have not, within a three-year period preceding this offer, been notified of any delinquent Federal taxes in an amount that exceeds \$3,500 for which the liability remains unsatisfied.

(i) Taxes are considered delinquent if both of the following criteria apply:

(A) *The tax liability is finally determined.* The liability is finally determined if it has been assessed. A liability is not finally determined if there is a pending administrative or judicial challenge. In the case of a judicial challenge to the liability, the liability is not finally determined until all judicial appeal rights have been exhausted.

(B) *The taxpayer is delinquent in making payment.* A taxpayer is delinquent if the taxpayer has failed to pay the tax liability when full payment was due and required. A taxpayer is not delinquent in cases where enforced collection action is precluded.

(ii) Examples.

(A) The taxpayer has received a statutory notice of deficiency, under I.R.C. §6212, which entitles the taxpayer to seek Tax Court review of a proposed tax deficiency. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek Tax Court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(B) The IRS has filed a notice of Federal tax lien with respect to an assessed tax liability, and the taxpayer has been issued a notice under I.R.C. §6320 entitling the taxpayer to

request a hearing with the IRS Office of Appeals Contesting the lien filing, and to further appeal to the Tax Court if the IRS determines to sustain the lien filing. In the course of the hearing, the taxpayer is entitled to contest the underlying tax liability because the taxpayer has had no prior opportunity to contest the liability. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek tax court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(C) The taxpayer has entered into an installment agreement pursuant to I.R.C. §6159. The taxpayer is making timely payments and is in full compliance with the agreement terms. The taxpayer is not delinquent because the taxpayer is not currently required to make full payment.

(D) The taxpayer has filed for bankruptcy protection. The taxpayer is not delinquent because enforced collection action is stayed under 11 U.S.C. §362 (the Bankruptcy Code).

Global Security Contingency Fund Line of Effort 4: Internal Security and Counter-Terrorism Project: Southern Law Enforcement 1.21 and 1.28

1. General

Under GSCF 1.21, ICITAP is to provide computerized analytical equipment and software similar to IBM Analyst Notebook and ArcGis or similar mapping platform to provincial PNP offices in the Mindanao and adjacent areas.

Under GSCF SLE 1.28, ICITAP is to provide Philippines National Police Crime Lab computers with analytical software to show organized criminal and terrorist link analysis. This software should be geared towards forensic analysis.

The Contractor shall direct and coordinate all inquiries pertaining to this requirement with the Contracting Officer's Representative (COR).

2. Objectives

A. General

In order to achieve above mandate, there needs to be a substantial database to which the analysis can draw out from. At this point, the Philippines National Police (PNP) does not have such capabilities. To accomplish this, ICITAP along with PNP DIDM is currently developing a national database system that will incorporate a number of databases that will be used to analyze criminal and terrorist links. This consolidation of databases will enable different PNP Directorates to access and conduct intelligence and investigative analysis nationwide. DIDM (Directorate for Investigation and Detective Management) will be the custodian of the Database center. In addition, ICITAP is further developing this database center by adding a Case Management module that will enhance PNP's investigative capabilities to be in par with other Western nations. This holistic approach will enable PNP to achieve their stated goals for the PATROL Plan 2030.

B. Specific

The Contractor will provide analytical capabilities throughout the PNP through the following:

1. Provide a centralized database where data can be collected and stored. This will be accomplished by the acquisition of an IBM i2 iBase, i2 iBase Designer, 12 or more concurrent IBase licenses to be distributed in the PNP and Repository system for i2 including ETL (extraction tool) system.
2. Provide at least 12 IBM I2 Analyst Notebook Standard concurrent access licenses (CAL) where end users, in particular, the Crime Lab among others (DIDM, DI) will be able to access such information for their own analysis.
